Opening of the „Institut für Radiumforschung“  
by Erzherzog Rainer in 1910

# 100<sup>th</sup> Anniversary Institut für Radiumforschung

November 8<sup>th</sup>, 2010  
Austrian Academy of Sciences  
1010 Vienna, Sonnenfelsgasse 19, Theatersaal 1<sup>st</sup> floor

## Program

- 10:00** Opening (*H. Denk, President of the Austrian Academy of Sciences*)  
Welcome Addresses
- 10:30 - 11:30** Talks on History of Science  
Nuclear Science in Austria before World War II (*S. Fengler*)  
Nuclear Physics in Austria after World War II (*C. Forstner*)
- 11:30** Scientific Highlights of the Radium Institute (*W. Kutschera*)
- 12:00 - 14:00** **Lunch Break**
- 
- 14:00** From radioactivity research to modern subatomic Physics (*P. Kienle*)
- 14:30** Exotic atoms and nuclei with  $\pi$  and K mesons (*T. Yamazaki*)
- 15:00** QCD Studies with PANDA at FAIR (*U. Wiedner*)
- 15:30 - 15:50** **Coffee Break**
- 15:50** Precision experiments - impact for subatomic physics (*K. Jungmann*)
- 16:20** Cosmic ray research from Hess to large area experiments (*J. Cronin*)
- 17:00** **Reception**
