EMS SUMMER SCHOOLS - CALL FOR PROPOSALS

The European Mathematical Society has launched its series of Summer Schools. The series is intended to include two schools a year, one in Pure Mathematics and one devoted to applications of Mathematics. With this activity the EMS wants to encourage young European mathematicians to meet and study together current developments in Mathematics and its applications.

The EMS, through its Summer School Committee, will examine proposals for summer schools fully organized by other institutions. To meet the EMS requirements, each school should be at a pre-doctoral level, last from 2 to 3 weeks, and have 100-120 participants, mainly graduate students or young mathematicians coming from several European countries. Costs of participation should be kept low and, if possible, grants should be available to people from countries which cannot afford any financial support. The EMS will guarantee its moral support to the selected schools, advertising within the European mathematical community and do its best to help the organisers to raise funds.

Topics, which may be single or composite, sites, and organisers of the schools will vary each year. The first two schools will take place in 1996: one on Algebraic Geometry in Eger, Hungary, July 29 - August 9 (for the announcement see EMS Newsletter, March 1996, p.19, or http://www.emis.de/newsletter/19) and one on Analysis and Synthesis of Nonlinear Oscillatory Systems, Russian Academy of Sciences, July 1.

The Society is now asking for proposals for the two 1997 summer schools. A proposal should in particular contain the topic (title and short description), names of lecturers, site, timing, costs, conditions for participants, name and address of the organizer.

Proposals should be sent to:

Prof. G. Monegato
Dipartimento di Matematica
Politecnico di Torino
Corso Duca degli Abruzzi, 24
10129 Torino, Italia

Fax: 39-11-564.7599
Email: monegato@polito.it

if possible by June 30. Decision can be expected by the end of July.

Giovanni Monegato
Chairman
EMS Summer School Committee
