ERC grants and Nobel Prize: Leading-edge research

118 ERC grants have already been awarded to researchers from the University of Vienna since 2007.

To receive funding from the European Research Council (ERC), research projects must have a high potential for innovation.

The University of Vienna is pleased that Anton Zeilinger has been awarded the Nobel Prize 2022 in Physics.

Degree programmes: individual specialisation through a wide range of degree programmes

- There are 1.9 million people living in Vienna, more than 10 % of whom are students from 120 different nations. About 85,000 students are enrolled at the University of Vienna.
- The University of Vienna offers 186 degree programmes (bachelor's, master's, diploma programmes and doctoral programmes).
- Together with cooperating university colleges of teacher education, the University of Vienna is also the largest teacher education institution in Austria. It offers 29 teaching subjects/specialisations.

Students: Student numbers in 2022/2023 at a glance

84,600

Students

63%

of students are women.

12,600

Every winter semester, approximately 12,600 students begin their studies at the University of Vienna.

9,300

Approximately 9,300 students complete their studies every year.

28,000

International students:
Total: 28,000
Women: 17,500; Men: 10,500

New professorial appointments

- More than 70 new professorships were advertised at the end of 2018
- Since then, additional professorships have been advertised continuously
- Qualitative and quantitative investment, biggest expansion of the University of Vienna since its advance in the second half of the 19th century
- Mainly international appointments in **fields of future strategic importance**

Investing in infrastructure: new locations create more space for innovation

Kolingasse in 1090 Vienna

New workplace for newly appointed professors

“Wolkenbügel” in 1090 Vienna

Expansion of the Faculty of Chemistry

University of Vienna

Biology Building in 1030 Vienna

New location for biology and life sciences (room for 5,000 students and 500 employees)

The University of Vienna in the world

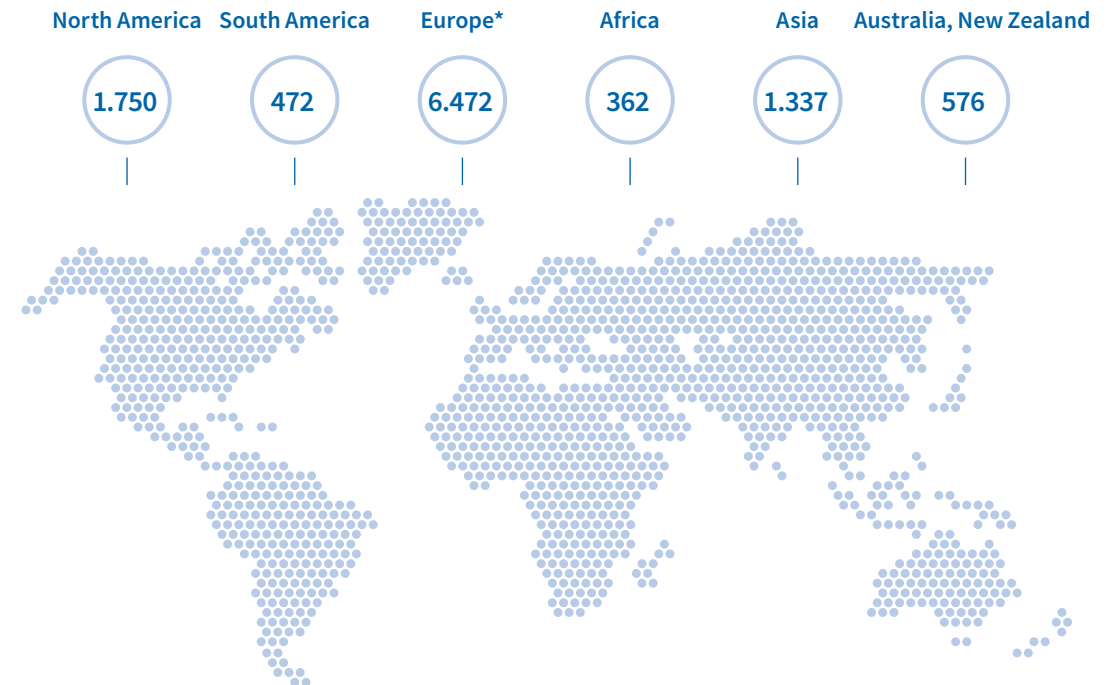

- University-wide partnership agreements: about 90
- ERASMUS networks: about 340 universities in Europe
- Students from 120 nations
- 75 % of the University of Vienna's new professors have been appointed from an international environment

○ Publications published by the University of Vienna in cooperation with universities and higher education institutions from abroad

All publications from researchers of the University of Vienna together with other universities and higher education institutions (excluding posters) are taken into account. Every publication is counted only once, regardless of further partner organisations involved.

* (excluding Austria)

International publication collaborations 2020–2022

Our budget

University revenues 1 January 2022–31 December 2022

Other revenues: € 136.7 million,
of which third-party funded research:
€ 107.5 million

Tuition fees:
€ 16.9 million

Diversity in numbers

The University of Vienna launches initiatives to **promote the academic careers of women:** through mentoring programmes, scholarships for predoctoral and postdoctoral researchers, habilitation and professorial appointment training.

The **Accessible Studying team** advises prospective students, students and professors on studying with impairments.

The University of Vienna is committed to the use of **gender-inclusive language** and has issued guidelines on this particular topic.
